## NDEJJE UNIVERSITY FEES STRUCTURE FOR 2014/2015

**I**t is the responsibility of University Governing Council with the support of Central Management Committee to develop the University fees structure. Membership of this committee constituted representatives from each Faculty, Academic Registry, Chairman of fees collection at Kampala Campus, and representatives from both the Bursar's office and the Dean of Students.

It should be noted that there has not been any increase in tuition fees in the Academic year 2014/2015, although the economic environment is quite unpredictable.

A comparative fees analysis was comprehensively done with other institutions and our fees were proved to be below the industrial average.

This fees structure is for one academic year of 2014/2015; it includes both national and international fees charges. The Tuition fees, Functional fees, and Room & Board fees may change at the discretion of

management depending upon the ruling economic factors.

All courses offered both at Kampala and Main campuses are included in programs being offered; i.e. Day, Evening, Weekend, In-service, Long Distance Learning and Extra Mural programme.

Annual fees charges are split into two semesters covering Tuition, Room & Board and Functional Charges. Other fees requirements involved in the completion of each course in their respective Faculties include Fieldwork, School Practice, Practicals, Industrial Training, Projects and Research Dissertation/ Reports.
